In this role, she continued her long-time contribution to the Executive Committee of the Republican Party of Florida. Best Places to Work, is an annual program that provides a confidential forum for local employers to participate in an evaluation of workplace best practices. Participating companies receive a complimentary benchmarking report that summarizes the survey responses. This valuable tool provides a blueprint on workplace initiatives and best practices.

CareerSource Research Coast assists businesses in building better workplaces. As an extension of that work, there is no cost for companies to participate in the **Best Places to Work** Program!

The companies identified as **Best Places to Work** will be honored at a prestigious awards luncheon in May.
